JAN 28 2005

DEPARTMENT ORDER) SUBJECT: INSTALLATION OF ROAD RIGHT-
OF-WAY (RROW) BOUNDARY
NO. 26)
Series of 2005 *Enay 01-28-05*)
MARKERS AND THE INCLUSION OF
INFORMATION "NATIONAL ROAD"
ON STREET NAME SIGNS
INSTALLED ALONG NATIONAL
HIGHWAY

In order to properly identify the road right-of-way limits of national roads, and to make the public aware which roads are national in classification and fall within the jurisdiction of DPWH, all Regional and District Engineering Offices are hereby directed to install the RROW Markers following the design and specifications shown in Annex A. The following guidelines on the installation of the said markers and the inclusion of the prescribed additional information for street name signs shall be observed.

1. The RROW Boundary markers shall be installed along the RROW Limit Line on one side of the road at intervals of one (1) kilometer to be located between and along the alignment of the kilometer posts as shown in Annex B.
2. Where there are already existing RROW boundary markers the information "National Road" shall be added on two faces of the markers.
3. In cities and other urban centers where there are already existing Street name signs installed, the information "National Road" shall be added on the sign plate below the road name.

Funds to cover the expenditures related to this activity shall come from the Activities programmed for implementation under the Annual Work Program for routine maintenance activities, i.e., Activities 209-Other Roadside Maintenance, 301 - Sign Maintenance and 309 - Other Traffic Services and/or any other appropriate funds available for the purpose. Funds shall be programmed annually until such time that all national roads under the District's jurisdiction shall have been provided with the RROW markers. Additionally, said markers shall be maintained in the same manner that the carriageway and roadsides are maintained.

FLORANTE SORIQUEZ
Acting Secretary
