DEPARTMENT ORDER NO. 31
Series of 1974

SUBJECT: Extending the period between prequalification date and opening of bids to give ample time to bidders to prepare their bids.

The government, in general, has always expected bidders for government projects to submit bids which are reasonable, fair, and advantageous to the government and to the contractors, as well.

It is ordered therefore, that henceforth the prequalification of interested contractors should be done 15 days before the scheduled opening of bids to give them ample time to prepare their bids.

Further, disqualified contractors should be allowed to request for a review of their prequalification papers not later than 10 days before opening of bids.

Any provision of any department order or memorandum circular to the contrary is hereby superseded.
