DEPARTMENT ORDER)
NO. 43)
Series of 2006 09-07-06)

SUBJECT: **AMENDMENT TO DEPARTMENT ORDER NO. 212, Series of 2001, Re: Provision of Specifications for Special Items of Works (SPL) in DPWH Projects**

It has been observed that some Project Management, Regional and District Offices are using Special Items of Works (SPL) without corresponding specifications to be adopted in the implementation of projects. As a consequence, the on-going/completed Special Items of Works cannot be evaluated expeditiously by the DPWH Inspectors as to compliance to plans and specifications due to the absence of the requirements to be followed during the execution of the works.

In order to forestall problems arising from using specifications other than those prescribed by this Department, all heads of implementing offices and other concerned are hereby directed to prepare the specifications proposed to be used for SPL in their projects and submit the same to the Bureau of Research and Standards (BRS) for review, evaluation and recommendation for approval of the Secretary, prior to adoption in their programs of work.

This order supersedes previous issuances in consistent herewith and takes effect immediately.
