DEPARTMENT ORDER)
NO. 46)
Series of 1975)
x-x-x-x-x-x-x-x-x

SUBJECT: Creating a Committee to Determine the
Balance of Work to be Accomplished
for projects which have been either
rescinded, terminated or some portions
of it have been deleted.

It has been observed in rescinded, terminated or deleted sections of contracts that the balance of work to be done in said contract projects cannot be undertaken with the remaining amount earmarked for the purpose, which indicates that there is an overpayment of work accomplished to the Contractor. In other words, the balance of the contract amount is not sufficient to cover the cost of work not completed by the Contractor, after considering all factors such as price variations and physical changes. In order to remedy this situation, a committee is hereby created to immediately determine the balance of work to be accomplished for projects which have been either terminated, rescinded or some sections of it have been deleted in order to be assured that the job on the entire project could be completed within the amount of funds earmarked, as follows:

1. The Chief, Project Execution - - - - Chairman
Service
2. The Assistant Chief, Project - - - - Vice Chairman
Execution Service
3. Assistant Regional Director - - - - Member
where the project is located
4. Project Manager or Executive - - - - Member
Director of the Special Projects
Service (In the case of projects
under the Special Projects Service)
5. Assistant Director, Bureau of - - - - Member
Construction and Maintenance
(In the case of Commodity Loan
Projects)

For immediate compliance.
