The PIC shall perform the following functions:

1. Provide technical assistance to the DPWH Flood Control and Sabo Engineering Center (FCSEC) in its role as implementing body for the ENCA project.
2. Recommend strategies, annual and quarterly plans and programs of action for the ENCA, for submission and approval of the ENCA JCC, thru the FCSEC.

3. Recommend to the JCC the basic information system for profiling damages on disaster prevention structures.
4. Recommend measures to upgrade the technical standards in the field of flood control and sabo engineering.
5. Assist the FCSEC in the training of DPWH flood control and sabo engineers.
6. Facilitate the research and development functions of FCSEC in coordination with other relevant offices of the DPWH.
7. Review the progress of activities of the ENCA project and submit reports thereof to the JCC thru the FCSEC.

The PIC shall meet at least quarterly or as the need arises.

All officials and units of the DPWH are hereby directed to provide appropriate assistance to the PIC into the performance of its functions.

This Order shall take effect immediately.
