DEPARTMENT ORDER) SUBJECT: Amendments to Department Order No.
No. 206)
Series of 2000 *for 11-10*)
X-X-X-X-X-X-X-X-X-X-X-X-X-X)
184, Series of 1999, re: Guidelines on
the Accreditation of Contractors' and
Consultants' Materials Engineers

In view of the insufficient number of accredited materials engineers who may be assigned to DPWH projects, Department Order No. 184, series of 1999, is hereby amended as follows:

1. During the period from 4 January 2001 to 31 December 2001, only materials engineers duly accredited by the DPWH in accordance with the said Department Order No. 184, regardless of their designated classification and limits of assignment, may be assigned by concerned contractors and consultants to DPWH projects costing P20 Million or more.
2. During the same period, contractors and consultants shall assign a materials engineer to every DPWH project costing less than P20 Million, whether or not the materials engineer is accredited in accordance with Department Order No. 184 above mentioned.
3. The provisions mentioned in paragraphs 1 and 2 above shall be automatically revoked by 1 January 2002, when the provisions of the said Department Order No. 184 shall fully take effect.
4. Starting 1 January 2001, San Fernando City in La Union, instead of Baguio City, will be one of the venues for the accreditation examination for prospective materials engineers.

Except for the above amendments, the other provisions of Department Order No. 184, series of 1999, shall remain in force.

For compliance.

GREGORIO R. VIGILAR
Secretary
