**Usec. Emil K. Sadain, CESO I**

Undersecretary for UPMO Operations  
and Technical Services

**DEPARTMENT OF PUBLIC WORKS AND HIGHWAYS**

20<sup>th</sup> Street, Port Area, Manila

Subject: **AMENDMENT OF ENVIRONMENTAL COMPLIANCE CERTIFICATE  
(ECC-CO-1503-0007)**

Dear Sir:

This refers to your letter requesting for the amendment of the above ECC to cover the changes based on the Detailed Engineering Design (DED) findings which show an increase of about 0.8 km from the approved ECC covering the Southern Mindanao Economic Corridor (Davao City Bypass Construction Project). Hence, page 2 of the above ECC, paragraph 2 of the Project Description will read as follows:

*“...the proposed route/alignment will enclose an easement or road right-of-way (RROW) limits of 60 meters across and will now have a total length from **44.58 km to 45.4 km**”.*

However, considering that the project is not yet implemented/constructed, resettlement and compensation action plan must include those identified affected areas of the new alignment and be submitted to this Office prior to project implementation.

Further, all other conditions stipulated in the above-cited ECC shall remain in force unless otherwise revised in writing. Any expansion and/or modification of approved operations shall be subjected to a new Environmental Impact Assessment (EIA) requirement.

Thank you.

Very truly yours,

**ENGR. METODIO U. TURBELLA**  
Director
