- 11.1. The second bid envelope shall contain the financial documents for the Bid as specified in **Section IX. Checklist of Technical and Financial Documents**.
- 11.2. Any bid exceeding the ABC indicated in paragraph 1 of the **IB** shall not be accepted.
- 11.3. For Foreign-funded procurement, a ceiling may be applied to bid prices provided the conditions are met under Section 31.2 of the 2016 revised IRR of RA No. 9184.

## **12. ALTERNATIVE BIDS**

Bidders shall submit offers that comply with the requirements of the Bidding Documents, including the basic technical design as indicated in the drawings and specifications. Unless there is a value engineering clause in the **BDS**, alternative Bids shall not be accepted.

### **13. BID PRICES**

All bid prices for the given scope of work in the Project as awarded shall be considered as fixed prices, and therefore not subject to price escalation during contract implementation, except under extraordinary circumstances as determined by the NEDA and approved by the GPPB pursuant to the revised Guidelines for Contract Price Escalation guidelines.

### **14. BID AND PAYMENT CURRENCIES**

14.1. Bid prices may be quoted in the local currency or tradeable currency accepted by the BSP at the discretion of the Bidder. However, for purposes of bid evaluation, Bids denominated in foreign currencies shall be converted to Philippine currency based on the exchange rate as published in the BSP reference rate bulletin on the day of the bid opening.

14.2. *Payment of the contract price shall be made in:*

- a. Philippine Pesos.

### **15. BID SECURITY**

15.1. The Bidder shall submit a Bid Securing Declaration or any form of Bid Security in the amount indicated in the **BDS**, which shall be not less than the percentage of the ABC in accordance with the schedule in the **BDS**.

15.2. The Bid and bid security shall be valid until *[indicate date]*. Any bid not accompanied by an acceptable bid security shall be rejected by the Procuring Entity as non-responsive.

### **16. SEALING AND MARKING OF BIDS**

16.1 The Bidder shall enclose the two original of the Technical Proposal in one sealed envelope marked as “ORIGINAL – TECHNICAL PROPOSAL”; whereas, the original of the Financial Proposal shall be enclosed in another sealed envelope marked as “ORIGINAL – FINANCIAL PROPOSAL”. Both envelopes shall then be placed in another single envelope marked as “ORIGINAL BID.”

16.2 These envelopes containing the two original copies shall then be enclosed in one single envelope that shall:

- a. indicate the name of the Contract to be bid;
- b. bear the name and address of the bidder;
- c. be addressed to the Procuring Entity in accordance with **ITB** Clause 7;
- d. bear the specific identification of this bidding process indicated in the **BDS**;

- e. bear a warning “DO NOT OPEN BEFORE...” The time and date for the opening of Bids, in accordance with **ITB** Clause 21.

- 16.3 If all envelopes are not sealed and marked as required, the Processing Entity will assume no responsibility for the misplacement or premature opening of the Bid. If a Bid is not sealed and marked as required, the bidder or its authorized representative shall acknowledge the condition of such Bid as submitted; otherwise the Bid shall be disqualified.

Each Bidder shall submit **Two (2) original copies** of the first (Technical) and second (Financial) components of its bid in **A4 size paper**.

The Procuring Entity may request additional hard copies and/or electronic copies of the Bid. However, failure of the Bidders to comply with the said request shall not be a ground for disqualification.

If the Procuring Entity allows the submission of bids through online submission to the given website or any other electronic means, the Bidder shall submit an electronic copy of its Bid, which must be digitally signed. An electronic copy that cannot be opened or is corrupted shall be considered non-responsive and, thus, automatically disqualified.

## **17. DEADLINE FOR SUBMISSION OF BIDS**

The Bidders shall submit on the specified date and time and either at its physical address or through online submission as indicated in paragraph 7 of the **IB**.

## **18. OPENING AND PRELIMINARY EXAMINATION OF BIDS**

- 18.1. The BAC shall open the Bids in public at the time, on the date, and at the place specified in paragraph 9 of the **IB**. The Bidders’ representatives who are present shall sign a register evidencing their attendance. In case videoconferencing, webcasting or other similar technologies will be used, attendance of participants shall likewise be recorded by the BAC Secretariat.

In case the Bids cannot be opened as scheduled due to justifiable reasons, the rescheduling requirements under Section 29 of the 2016 revised IRR of RA No. 9184 shall prevail.

- 18.2. The preliminary examination of Bids shall be governed by Section 30 of the 2016 revised IRR of RA No. 9184.

## **19. DETAILED VALUATION AND COMPARISON OF BIDS**

- 19.1. The Procuring Entity’s BAC shall immediately conduct a detailed evaluation of all Bids rated “*passed*” using non-discretionary pass/fail criteria. The BAC shall consider the conditions in the evaluation of Bids under Section 32.2 of 2016 revised IRR of RA No. 9184.
- 19.2. If the Project allows partial bids, all Bids and combinations of Bids as indicated in the **BDS** shall be received by the same deadline and opened and evaluated

simultaneously so as to determine the Bid or combination of Bids offering the lowest calculated cost to the Procuring Entity. Bid Security as required by **ITB** Clause 15 shall be submitted for each contract (lot) separately.

- 19.3. In all cases, the NFCC computation pursuant to Section 23.4.2.6 of the 2016 revised IRR of RA No. 9184 must be sufficient for the total of the ABCs for all the lots participated in by the prospective Bidder.

## **20. POST QUALIFICATION**

Within a non-extendible period of five (5) calendar days from receipt by the Bidder of the notice from the BAC that it submitted the Lowest Calculated Bid, the Bidder shall submit its latest income and business tax returns filed and paid through the BIR Electronic Filing and Payment System (eFPS), and other appropriate licenses and permits required by law and stated in the **BDS**.

## **21. SIGNING OF THE CONTRACT**

The documents required in Section 37.2 of the 2016 revised IRR of RA No. 9184 shall form part of the Contract. Additional Contract documents are indicated in the **BDS**.

**Notes and Further Instructions:**

- To bid for this contract**, prospective bidders/contractors are advised to first register with the DPWH Civil Works Application (CWA) at the DPWH Procurement Service (PrS), 5<sup>th</sup> Floor, DPWH Building, Bonifacio Drive, Port Area, Manila, while those already registered shall keep their records current and updated, and must present the Original Receipt (OR) for payment of bidding documents before dropping of bids. **Bidders are also advised to submit**

**their bids through their duly Authorized Liaison Officers (with valid ID) as listed in the Contractor's Information (CI) of their CRC.**

2. Prospective Bidders must have completed a Single Largest Completed Contract (SLCC) that is similar to the contract to be bid, and whose value, adjusted to current prices using the Philippine Statistics Authority (PSA) consumer price indices, must be at least fifty percent (50%) of the Approved Budget for the Contract (ABC) to be bid and comply the required Major Categories of Works, pursuant to D.O. No. 117, Series of 2017.
3. Bids received in excess of the ABC shall be automatically rejected and declared failed.
4. If at the time of the post-qualification procedure, the BAC verifies that any of the deficiencies is due to the contractor's fault or negligence pursuant to Section 34.3(b)(i)(ii) of the 2016 Revised Implementing Rules and Regulations of Republic Act No. 9184 (2016 RIRR of R.A. 9184), the Procuring Entity shall disqualify the contractor from the award without any right to reimburse fees and incidental cost paid for the procurement of infrastructure contract subject of the Bid, in consonance with D.O. No. 127, Series of 2018, with subject: Strict Application of R.A. 9184 in the conduct of Post-Qualification of Bidders with Delayed On-going Contracts with the DPWH, and further, the contractor shall adhere to the provisions of Section 4.2, Appendix 17 of the 2016 Revised IRR of R.A. 9184.
5. Prospective Bidders/Contractors are likewise required for the inclusion of the Minimum Materials Testing Equipment in the technical component of the Bid, in compliance with D.O. No. 11, Series of 2017, superseding D.O. No. 80, Series of 1990 and all other issuances (D.O. No. 8, Series of 1996 and D.O. No. 138, Series of 2015).

The bidder shall state in their bids a complete technical description of their pledged equipment, whether owned or leased, such as but not limited to the engine number, year model, chassis number, plate number and capacity (as applicable) including the particular place or site where the equipment are located. (If Applicable)

Attached is the sample form "Annex B" (List of Contractor's Major Construction and Minimum

Laboratory Equipment units to be assigned to the Contract, supported by Certifications of Availability), in Section IX-Bidding Forms, to be filled up by the bidders during the preparation of bids per D.O. Nos. 58 & 09, Series of 2012 and D.O. No. 11, Series of 2017. (If Applicable)

List of contractor's major equipment units pledged to be used for the project must be supported by proof of ownership if it is owned, lease agreement if it is being leased and purchase agreement if to be purchased. A certification of availability of equipment for the duration of the project must also be provided by the equipment owner and/or lessor/vendor. (If Applicable)

The proof of ownership of equipment requirements are copies of current LTO Official Receipt (OR) and Certificate of Registration (CR) of the equipment which should be attached together with the affidavit of ownership. In case of **Leased Equipment**, a Lease Contract and Affidavit of Commitment should be submitted with the

lessor/owner as the pledger of the equipment, stating therein that the equipment will be available for the whole duration of the project. For **Purchase Agreement**, the description of the equipment to be purchased such as Brand/Model, Type of Equipment, Motor No., Body No. and the Capacity must be indicated in the document, otherwise, the BAC will not honor the Purchase Agreement and the bidder will be declared as non-complying.

6. All documents in support of the ownership of equipment pledged (i.e., CR-Certificate of Registration and current LTO OR-Official Receipt, Sales Invoice/Official Receipt, if applicable) and other documents photocopied from the original shall be legibly readable and will be authenticated as needed during the post-qualification process.
7. All bids must be accompanied by one (1) form of Bid Security taken from two (2) acceptable forms, viz: **1.) BID SECURING DECLARATION** as provided in Section 27.5 of the 2016 Revised IRR of R.A. 9184; **“OR” 2.)** Any form of Bid Security in any of the acceptable forms and in an amount not less than the required percentage of the ABC as stated in ITB Clause 18.1.
8. All bidders/performance/surety bonds, letters of credit, bank guarantees and Contractors All Risk Policies submitted by the contractors shall be subject for verification/confirmation as to the validity and authenticity with the regional or main office of the issuing bank or insurance company, pursuant to D.O. No. 64, series of 2012 and D.O. 41, series of 2017.
9. All Pages must be numbered/paginated consecutively at top hand right margin. Each page signed by Bidder below page number and the total number of which must be indicated in the covering page and signed by the duly authorized representative. All sets of documents (financial and technical envelopes) must be properly bookbounded, pursuant to DPWH D.O. No. 90, Series of 2002.

**Use checklist of the Technical and Financial Envelopes hereto attached in Section IX-Bidding Forms, and shall be included as 1<sup>st</sup> page of the book bounding of each envelopes with ear-tabbing labeled for each checklist.**

10. Prospective Bidders/Contractors are likewise required to include in the Technical Component of Bid the List of Minimum Materials Testing Equipment, in compliance with D.O. No. 11, Series of 2017, superseding D.O. No. 80, Series of 1990 and all other issuances (D.O. No. 8, Series of 1996 and D.O. No. 138, Series of 2015) relative thereto.
11. For **Joint Venture Agreement**, prospective bidders/contractors are required to submit/include in their bid Special PCAB License and duly notarized statements from all the potential joint venture partners stating that they will enter into and abide by the provisions of the JVA in the instance that their bid is successful and furnish copies of said documents to the BAC prior to submission of bids for Eligibility Processing.
12. **3-STRIKE POLICY** in the Procurement of Infrastructure Works, Goods and Consulting Services Contracts shall be imposed pursuant to D.O. No. 28, Series of 2024. Bidders are reminded on different offenses and penalties provided

for in the Revised IRR of RA 9184 and on the provisions governing the imposition of administrative sanctions for contractors who tend to defeat the purpose of competitive bidding such as habitually withdrawing from bidding, submitting late bids or patently insufficient bid, for at least three (3) times within a year, except for valid reasons, pursuant to D.O. No. 28, Series of 2024 (copy attached in the Bidding Forms).

13. The **DPWH Tacloban City-DEO, New Bus Terminal, Brgy. Abucay Tacloban City** reserves the right to reject any and all bids, declare a failure of bidding, or not award the contract, without incurring any liability or obligation to the affected bidders, in accordance with the provisions of Section 41 of 2016 Revised IRR of R.A No. 9184.

14. **Implementation of ISO 9001:2015 Certification Requirements for Large “A” Medium “B”, and Medium “A” Contractors in the Procurement of Infrastructure Projects of the Department.** Recognizing the critical role of ISO 9001:2015 certification in achieving these objectives, the Department shall now mandate this Certification as part of the “project requirements” for contractors involved in the procurement of infrastructure projects. Accordingly, all procuring entities within the Department are required to include ISO 9001:2015 certification, or its latest version as applicable, as part of the project requirements in the bidding documents for infrastructure projects. This requirement applies to bidders classified under the following Philippine Contractors Accreditation Board (PCAB) size range and are participating in the Department’s procurement of infrastructure projects with Approved Budget for the Contract (ABC) range, to wit:

PCAB Size Range	Allowable Range of Contract Cost (ARCC)	Effectivity

Medium “B”	More than P150 Million but less than P300 Million	July 01, 2025
Medium “A”	More than P30 Million but less than P150 Million	January 01, 2025

## ***Section IV. General Conditions of Contract (GCC)***

## 1. SCOPE OF CONTRACT

This Contract shall include all such items, although not specifically mentioned, that can be reasonably inferred as being required for its completion as if such items were expressly mentioned herein. All the provisions of RA No. 9184 and its 2016 revised IRR, including the Generic Procurement Manual, and associated issuances, constitute the primary source for the terms and conditions of the Contract, and thus, applicable in contract implementation. Herein clauses shall serve as the secondary source for the terms and conditions of the Contract.

This is without prejudice to Sections 74.1 and 74.2 of the 2016 revised IRR of RA No. 9184 allowing the GPPB to amend the IRR, which shall be applied to all procurement activities, the advertisement, posting, or invitation of which were issued after the effectivity of the said amendment.

## 2. SECTIONAL COMPLETION OF WORKS

If sectional completion is specified in the **Special Conditions of Contract (SCC)**, references in the Conditions of Contract to the Works, the Completion Date, and the Intended Completion Date shall apply to any Section of the Works (other than references to the Completion Date and Intended Completion Date for the whole of the Works).

## 3. POSSESSION OF SITE

3.1 The Procuring Entity shall give possession of all or parts of the Site to the Contractor based on the schedule of delivery indicated in the **SCC**, which corresponds to the execution of the Works. If the Contractor suffers delay or incurs cost from failure on the part of the Procuring Entity to give possession in accordance with the terms of this clause, the Procuring Entity's Representative shall give the Contractor a Contract Time Extension and certify such sum as fair to cover the cost incurred, which sum shall be paid by Procuring Entity.

3.2 If possession of a portion is not given by the above date, the Procuring Entity will be deemed to have delayed the start of the relevant activities. The resulting adjustments in contract time to address such delay may be addressed through contract extension provided under Annex "E" of the 2016 revised IRR of RA No. 9184.

## 4. THE CONTRACTOR'S OBLIGATIONS

The Contractor shall employ the key personnel named in the Schedule of Key Personnel indicating their designation, in accordance with **ITB** Clause 10.3 and specified in the **BDS**, to carry out the supervision of the Works.

The Procuring Entity will approve any proposed replacement of key personnel only if their relevant qualifications and abilities are equal to or better than those of the personnel listed in the Schedule.

## 5. PERFORMANCE SECURITY

- 5.1. Within ten (10) calendar days from receipt of the Notice of Award from the Procuring Entity but in no case later than the signing of the contract by both parties, the successful Bidder shall furnish the performance security in any of the forms prescribed in Section 39 of the 2016 revised IRR.
- 5.2. The Contractor, by entering into the Contract with the Procuring Entity, acknowledges the right of the Procuring Entity to institute action pursuant to RA No. 3688 against any subcontractor be they an individual, firm, partnership, corporation, or association supplying the Contractor with labor, materials and/or equipment for the performance of this Contract.

## 6. SITE INVESTIGATION REPORTS

The Contractor, in preparing the Bid, shall rely on any Site Investigation Reports referred to in the **SCC** supplemented by any information obtained by the Contractor.

## 7. WARRANTY

- 7.1. In case the Contractor fails to undertake the repair works under Section 62.2.2 of the 2016 revised IRR, the Procuring Entity shall forfeit its performance security, subject its property(ies) to attachment or garnishment proceedings, and perpetually disqualify it from participating in any public bidding. All payables of the GOP in his favor shall be offset to recover the costs.
- 7.2. The warranty against Structural Defects/Failures, except that occasioned-on force majeure, shall cover the period from the date of issuance of the Certificate of Final Acceptance by the Procuring Entity. Specific duration of the warranty is found in the **SCC**.

## 8. LIABILITY OF THE CONTRACTOR

Subject to additional provisions, if any, set forth in the **SCC**, the Contractor's liability under this Contract shall be as provided by the laws of the Republic of the Philippines.

If the Contractor is a joint venture, all partners to the joint venture shall be jointly and severally liable to the Procuring Entity.

## 9. TERMINATION FOR OTHER CAUSES

Contract termination shall be initiated in case it is determined *prima facie* by the Procuring Entity that the Contractor has engaged, before, or during the implementation of the contract, in unlawful deeds and behaviors relative to contract acquisition and

implementation, such as, but not limited to corrupt, fraudulent, collusive, coercive, and obstructive practices as stated in **ITB** Clause 4.

## 10. DAYWORKS

Subject to the guidelines on Variation Order in Annex “E” of the 2016 revised IRR of RA No. 9184, and if applicable as indicated in the **SCC**, the Dayworks rates in the Contractor’s Bid shall be used for small additional amounts of work only when the Procuring Entity’s Representative has given written instructions in advance for additional work to be paid for in that way.

## 11. PROGRAM OF WORK

11.1. The Contractor shall submit to the Procuring Entity’s Representative for approval the said Program of Work showing the general methods, arrangements, order, and timing for all the activities in the Works. The submissions of the Program of Work are indicated in the **SCC**.

11.2. The Contractor shall submit to the Procuring Entity’s Representative for approval an updated Program of Work at intervals no longer than the period stated in the **SCC**. If the Contractor does not submit an updated Program of Work within this period, the Procuring Entity’s Representative may withhold the amount stated in the **SCC** from the next payment certificate and continue to withhold this amount until the next payment after the date on which the overdue Program of Work has been submitted.

## 12. INSTRUCTIONS, INSPECTIONS AND AUDITS

The Contractor shall permit the GOP or the Procuring Entity to inspect the Contractor’s accounts and records relating to the performance of the Contractor and to have them audited by auditors of the GOP or the Procuring Entity, as may be required.

## 13. ADVANCE PAYMENT

The Procuring Entity shall, upon a written request of the Contractor which shall be submitted as a Contract document, make an advance payment to the Contractor in an amount not exceeding fifteen percent (15%) of the total contract price, to be made in lump sum, or at the most two installments according to a schedule specified in the **SCC**, subject to the requirements in Annex “E” of the 2016 revised IRR of RA No. 9184.

## 14. PROGRESS PAYMENTS

The Contractor may submit a request for payment for Work accomplished. Such requests for payment shall be verified and certified by the Procuring Entity’s Representative/Project Engineer. Except as otherwise stipulated in the **SCC**, materials and equipment delivered on the site but not completely put in place shall not be included for payment.

## 15. OPERATING AND MAINTENANCE MANUALS

- 15.1. If required, the Contractor will provide “as built” Drawings and/or operating and maintenance manuals as specified in the **SCC**.
- 15.2. If the Contractor does not provide the Drawings and/or manuals by the dates stated above, or they do not receive the Procuring Entity’s Representative’s approval, the Procuring Entity’s Representative may withhold the amount stated in the **SCC** from payments due to the Contractor.

## ***Section V. Special Conditions of Contract (SCC)***

## Special Conditions of Contract

GCC Clause	
2	The <b>Intended Completion Date</b> is <b>One Hundred Ten (110) calendar days</b> from the project start date of the contract.
4.1	The <b>Procuring Entity</b> shall give possession of all parts of the Site to the Contractor upon issuance of <b>NOTICE TO PROCEED</b> .
10	The site investigation reports are: <i>Site instructions and Logbooks</i> .
7.2	<i>In case of semi-permanent structures, such as buildings of types 1, 2, and 3 as classified under the National Building Code of the Philippines, concrete/asphalt roads, concrete river control, drainage, irrigation lined canals, river landing, deep wells, rock causeway, pedestrian overpass, and other similar semi-permanent structures: Five (5) years.</i>
10	No Dayworks are applicable to the contract.
11.1	The Contractor shall submit the Program of Work to the Procuring Entity's Representative <b>within ten (10) calendar days</b> of delivery of the Notice of Award.
11.2	The amount to be withheld for late submission of an updated Program of Work is <b>1% of the Progress Billing</b> .
13	The amount of the advance payment is <i>fifteen (15%) of the Contract Price</i> .
14	Materials and equipment delivered on the site but not completely put in place shall be included for payment.
15.1	The date by which operating and maintenance manuals are required is not applicable.  The date by which "As-Built" drawings are required is <i>thirty (30) calendar days from completion of the project</i> .
15.2	The amount to be withheld for failing to produce "As-Built" drawings by the date required is 10% of the final contract amount.

## *Section VI. Specifications*

The DPWH Standard Specifications for Public Works and Highways (“Blue Book”) shall be the main basis for the standards and codes to be met by the goods and materials to be furnished and work performed or tested for the Contract. In particular, Volume II of the Blue Book shall be used if the Contract pertains to Highways, Bridges and Airports. Volume III of the Blue Book shall be used if the Contract pertains to Buildings, Flood Control and Drainage, or Water Supply. The Blue Book incorporates standards of the American Association of State Highway and Transportation Officials (AASHTO), American Society for Testing and Materials (ASTM), and American Concrete Institute (ACI), among others, pertaining to construction.

The Procuring Entity shall use the Standard Pay Items in the Project and Contract Management

Application (PCMA) in drawing up the Specifications.

### Modifications of Standards

- 2.1 Modifications of and additions to standards and codes as stated in the DPWH Standard Specifications for Public Works and Highways, if any, shall be included in the enclosed Supplemental Specifications, which is part of these Bidding Documents.
- 2.2 Entries in the Supplemental Specifications are numbered to coincide with the numbering of items in the DPWH Standard Specifications for Public Works and Highways.

## ***Section VII. Drawings***

As Foreman, I know I will have to stay in the Project all the time to supervise and manage the Project to the best of my ability, and am aware that I am authorized to handle only one (1) project at a time.

In case of my separation for any reason whatsoever from the above-mentioned Contractor, I shall notify the Department of Public Works and Highways at least twenty-one (21) days before the effective date of my separation.

I did not allow the use of my name for the purpose only of enabling the above-mentioned Contractor to qualify for the Project without any firm intention on my part to assume the post as Foreman if the Project is awarded to him since I understand that to do so will be a sufficient ground for my disqualification as Foreman in any future bidding or employment for any Contractor doing business with the Department of Public Works and Highways.

<p><b>DEPARTMENT ORDER</b> ) No. <u>28</u> ) Series of 2024 ) A 2128/2024</p>		<p><b>SUBJECT:</b> Three (3)-Strike Policy in the Procurement of Infrastructure, Goods and Consulting Services Contracts</p>	
<p><b>I. Introduction and Policy Objective</b></p> <p>In order to establish a fair and transparent system for managing offenses committed by bidders in the procurement of infrastructure, goods, and consulting services projects through public bidding, the Department of Public Works and Highways (DPWH) hereby introduces an updated Three (3)-Strike Policy. This policy is aimed at enforcing adherence to the procurement guidelines stipulated under Section 69.1.i of the 2016 Revised Implementing Rules and Regulations (IRR) of Republic Act (R.A.) 9184. Under this policy, if a bidder commits three (3) offenses/acts described as "<i>All other acts that tend to defeat the purpose of competitive bidding</i>" they shall be subjected to an administrative penalty. These offenses/acts are further classified into three (3) major categories, as enumerated below:</p>			
<p><b>II. Classification of Offenses that Triggers the Three (3)-Strike Policy and Exceptions</b></p> <ol style="list-style-type: none"><li>1. <u>Withdrawal from the bidding process, submission of a non-participation letter, or failure to submit a bid after purchasing the bid documents.</u> However, the Bids and Awards Committee (BAC) recognizes certain valid reasons for these actions:<ol style="list-style-type: none"><li>a. If upon computation prior to bid submission, the bidder determines that their proposed bid price will exceed the Approved Budget for the Contract (ABC). To substantiate this, the bidder must provide evidence. Acceptable proof includes, but is not limited to, a Detailed Budget Estimation or a Market Price Report.</li><li>b. If the bidder, after reviewing the bidding documents and evaluating the available market options, determines that the required goods or supplies either are not available or that the available alternatives do not meet the specified Technical Specifications. Additionally, if providing the specified goods or supplies would require the bidder to incur costs exceeding the competitive and financially viable range, or if adherence to the specifications would lead to a bid price that is not economically favorable, the bidder may withdraw. To validate this reason, the bidder should present an affidavit, demonstrating that participating in the bid under these conditions would be financially unsustainable.</li></ol></li><li>2. <u>Submission of late bids without valid reasons, as determined by the BAC.</u> Exceptions will be considered under extraordinary circumstances, such as force majeure. This refers to unexpected and unavoidable external events that impede or prevent a bidder from timely bid submission, as defined in Article 1174 of the Philippine Civil Code.</li></ol>

3. Submission of patently insufficient bid.

A "patently insufficient bid" refers to a bid that fails to include or comply with certain mandatory requirements. The determination of whether a bidder committed such an offense may occur as outlined below:

- a. During Eligibility Screening and/or Shortlisting:
  - i. Submission of an expired Certificate of Philippine Government Electronic Procurement System (PhilGEPS) Registration (Platinum Membership), or a Certificate of PhilGEPS Certification containing expired Class "A" Legal and Financial Documents, as determined during the eligibility screening.
  - ii. Failure to include Certificate of Employment, Contract Agreement among permanent personnel and staff of the firm, and Curriculum Vitae in the Application for Eligibility and Shortlisting (AES), which are evaluated during the shortlisting for Consulting Services Projects.
- b. During Bid Evaluation:
  - i. Failure to submit required bid forms, as outlined in Annex C detailing the complete list of required bid forms.
  - ii. Submission of incomplete, insufficient, or defective documents due to the non-inclusion and/or omission of mandatory provisions and statements for the required bid forms, as per Annex C outlining the mandatory provisions of required forms.
  - iii. Submission of an unnotarized Bid Securing Declaration, an Omnibus Sworn Statement, and Joint Venture Agreement, or statements from all the potential joint venture partners, with the exception during the Declaration of State of Calamity, or implementation of community quarantine or similar restrictions declared or being implemented either in the locality of the Procuring Entity (PE) or of the bidder.
  - iv. Submission of the Bid Form, Price Schedules, Bid Securing Declaration, Omnibus Sworn Statement, and Joint Venture Agreement (JVA) without the name, legal capacity, and signature of the bidder or its authorized representative.
  - v. Nomination of key personnel of a profession different from what is required by the Bidding Documents, or, in the case of Consulting Services, proposing a Key Personnel whose educational background is different from that required by the Terms of Reference (TOR).
  - vi. Failure to submit proof of ownership, lease, or purchase agreement of pledged equipment.
  - vii. Failure to submit the required certification of key personnel as per Department Order No. 9, Series of 2012, or, in the case of Consulting Services projects, failure to submit certifications as required by the Terms of Reference (TOR).
  - viii. Failure to comply with the required minimum number of key personnel and equipment as stated in the Bidding Documents.
- c. During Postqualification:
  - i. Participation in bidding for Consulting Services or Good and Services Contracts by a bidder whose Business Type Category, as indicated on the

Mayor's Permit, does not match or unrelated to the contract being bid for, as determined during the postqualification process.

- ii. Participation in bidding for Infrastructure Projects by a bidder whose Allowable Range of Contract Costs (ARCC), as indicated on the PCAB License, does not match with the specific requirements of the infrastructure project being bid for, in terms of Category, Classifications & Size Ranges.

### **III. Enforcement and Penalties**

If a bidder commits any of the three (3) major offenses/acts listed above three (3) times within a year—starting from the approval date of the Resolution Recommending the Imposition of Strike One (1) (First Warning), which is counted as day 1, through day 365—and if these three (3) offenses are of a similar or identical nature, it will trigger the enforcement of the stipulated administrative penalty: suspension from participating in all DPWH procurement activities and entering into contract with any DPWH Procuring Entity. Subsequently, as per the procedure outlined in **Annex A**, this may result in the blacklisting of the suspended bidder, thereby disqualifying the bidder from participating in any government procurement activities for a period of one (1) year. In conjunction with blacklisting, the bidder will also face bid security forfeiture and must comply with the enforcement of the Bid Securing Declaration's conditions.

In more severe instances, when a bidder commits another set of three (3) similar offenses, or more than two (2) sets of three (3) similar offenses—instances where more than six similar offenses occur within the said one-year timeframe—the bidder may be subjected to an increased penalty resulting in blacklisting for a period of two (2) years. The effective duration for the penalty of either one (1) or two (2) years, as applicable, will be clearly stipulated in the Blacklisting Order, with the provision that the duration of blacklisting shall not exceed a maximum period of two (2) years, commencing on the date the Blacklisting Order is approved and issued by the Secretary.

In enforcing these penalties, the Department emphasizes the need for a clear and fair procedure. When an offense leading to a strike is identified, the erring bidder will be promptly notified by the Bids and Awards Committee (BAC) and given a chance to explain their actions before any final decision is made. This procedure helps ensure a well-informed and fair judgment. Furthermore, if a bidder is suspended due to three (3) strikes, they have the right to file a Request for Reconsideration (RR) as per the procedure in Annex A. This gives the suspended bidder a formal way to challenge the suspension, showcasing the Department's commitment to due process in enforcing the Three (3)-Strike Policy.

### **IV. Due Process and Implementation**

To ensure that due process is upheld across all stages of procurement—from eligibility screening and shortlisting to bid evaluation and post-qualification—it is essential for the BAC and its Technical Working Group (TWG) to meticulously verify the Monthly Consolidated Strike Report or its updated version at each stage of the procurement process. All BACs are tasked with actively monitoring these updates to accurately track the infractions committed by bidders. Notably, even if a bidder has accumulated three (3) strikes, this alone shall not be grounds for ineligibility, disqualification, or post-disqualification until the Suspension Order is approved by the Secretary and officially posted on the DPWH website. Moreover, if a suspended bidder has

filed a request for reconsideration, the awarding of the contract may be deferred until such request is resolved. This approach ensures the integrity and coherence of our procurement system, reflecting our dedication to a transparent and fair process for all participants.

Failure of the concerned DPWH personnel to implement the provisions of this Order shall, after due process, make them liable to the penalties prescribed for violation of reasonable office rules and regulation in Rule 10, Administrative Offenses and Penalties of the 2017 Rules on Administrative Cases in the Civil Service dated 03 July 2017.

This Order shall take effect immediately and shall supersede Department Order No. 17, series of 2015, Department Order No. 35, series of 2008 and all other issuances that are inconsistent with this Order.

**SUBJECT: Inclusion of the Minimum Materials Testing Equipment In the Technical Component of the Bid**

Section 25.2.b) of the Revised IRR of RA 9184 requires, among other technical requirements, the inclusion of the list of contractor's major equipment units which are owned, leased, and/or under purchase agreement, supported by proof of ownership or certification of availability of equipment from the equipment lessor/vendor for the duration of the project, as the case may be.

DPWH Procurement Manual Volume II-Infrastructure Main Guidelines specifically requires the submission of the materials testing equipment as stated in Clause 5.6.2.a) Technical Proposal and Clause 5.6.2.a.4.c) Project Requirements using Form DPWH-INFR-15: List of Contractor's Major Construction and Laboratory Equipment Units to be Assigned to the Contract Supported by Certifications of Availability.

Considering that materials testing equipment are essential during construction stage of a project, it shall therefore be included in the technical requirement of the Bid together with the other major equipment as contained in the Technical Envelope which shall be subjected to preliminary examination and further verified during the post-qualification stage.

This minimum materials testing equipment requirement shall be on a "per contractor" basis, and not on a "per project basis", i. e. the equipment maybe used to service several on-going projects of the contractors.

As such, the Implementing Offices are hereby directed to compel the contractors to comply with the prescribed Minimum Materials Testing Equipment and to utilize first their own laboratory testing equipment/facilities before engaging the services of private testing laboratories for required test out of their capacity to perform to ensure effective and better quality control of construction materials during the implementation of DPWH infrastructure projects.

Attached are the List of Minimum Materials Testing Equipment to be proposed for Small, Medium and Large Contractors. (Annex "A").

This Department Order supersedes Department Order No. 80, Series of 1990 and all other issuances (DO No. 8, Series of 1996 and DO 138, Series of 2015) relative thereto. This shall take effect fifteen (15) days after its last publication in the official gazette or newspaper of general circulation.

Series of 2017 )

SUBJECT: Revised Guidelines for the  
Determination of Major and  
Similar Categories of Work and  
Eligibility Requirements for Work  
Experience in the Procurement of  
Infrastructure Contracts

In compliance with Section 23.4.2.4 of Implementing Rules and Regulations of Republic Act 9184 stating that *"the Prospective Bidder must have completed a Single Largest Completed Contract (SLCC) that is similar to the contract to be bid, and whose value, adjusted to current prices using the Philippine Statistics Authority (PSA) consumer price indices, must be at least fifty percent (50%) of the Approved Budget for the Contract (ABC) to be bid,"* the concerned DPWH Procuring Entities and Implementing Units shall use the guidelines in this Department Order to determine the work experience on contracts similar to the contract to be bid that a bidder/contractor must possess to be considered eligible to bid for an infrastructure contract involving different categories of works.

#### A. DEFINITION OF TERMS:

The following terms shall be interpreted in this Department Order as defined:

1. **Major Category of Works** - the main classification of works, for purposes of evaluation of eligibility for civil works, according to type of infrastructure and kind of work performed - e.g. road construction, or bridge rehabilitation, etc.
2. **Similar Category of Works** - a kind of work whose classification is considered to be comparable to the major category of works for purposes of evaluation of eligibility for civil works.
3. **Construction** - the process of building a new infrastructure or facility, such as road, bridge, flood control or building.
4. **Improvement** - the betterment of existing infrastructure through upgrading, widening, or strengthening (e.g., retrofitting) in order to increase its original design capacity or performance.
5. **Rehabilitation** - a grouping of types of works which restore structural capacity and performance, and/or enhance safety. These types of works are applicable to infrastructure in poor or bad condition. In the case of pavement, this shall not extend to the subgrade. In the case of flood control, this includes dredging.
6. **Retrofitting** - a grouping of types of work associated with strengthening of existing structures to comply with the latest standards, usually with the aid of new technology or introduction of new features to the old design.

0907- MISC.

7. **Maintenance** – an activity undertaken to keep or restore an asset to good working condition.
8. **Qualifier** - an additional specific requirement on Major or Similar Categories of Work, to be required from the bidders at the bidding stage, to show that they have the necessary expertise and experience to undertake the project (e.g., an extraordinarily large embankment volume, soft ground treatment, long tunnel using tunnel boring machine (TBM), or bridge retrofitting using special jacking technology).
9. **Contract** - is an enforceable agreement between two or more participants or persons.

**B. LIST OF MAJOR CATEGORIES OF WORKS AND SIMILAR CATEGORIES OF WORKS AND VERIFICATION OF QUALIFIERS**

1. In the procurement of infrastructure contracts, the DPWH Procuring Entities and Implementing Units concerned shall use the Major Categories of Works and Similar Categories of Works listed in **ANNEX A**. In determining the work experience of a contractor for a particular contract which involves a given set of Major Categories of Works (columns 1 and 2), the Procuring Entity shall consider the contractor's relevant work experience, not only for the Major Category of Work itself, but also for the corresponding Similar Categories of Works (columns 3 and 4) listed in **ANNEX A**.
2. Similar Categories of Work with asterisk marks (\*) in column 4 of **ANNEX A** refer to those used in the DPWH Civil Works Application (CWA) prior to the adoption of the Department Order (DO) No. 14, series 2017.
3. Examples of Qualifiers, as defined in item A-8 above, are given in **ANNEX B**.
4. The verification or validation of compliance with the Qualifiers shall be undertaken during the post-qualification of the bidder with the Lowest Calculated Bid, and not during the Eligibility Check.

**C. CRITERIA FOR DETERMINATION OF MAJOR/SIMILAR CATEGORIES OF WORKS AND ELIGIBILITY REQUIREMENTS FOR WORK EXPERIENCE**

1. For a contract involving a single category of works (i.e., type of infrastructure and kind of work) - e.g., road construction, or bridge retrofitting, or flood control rehabilitation - the following criteria shall be adopted:
  - a. The Major Category of Works is the single category itself.
  - b. To be eligible to bid for the contract, a bidder/contractor must have done a Single Largest Completed Contract (SLCC) containing a category of work which is the same as or similar to the Major Category of Works, and whose total SLCC cost is at least 50% of the Approved Budget for the Contract (ABC) to be bid.
2. For a contract to be bid involving multiple categories of works – e.g., combination of road construction, bridge retrofitting, and flood control rehabilitation - the following criteria shall be adopted:
  - a. Each category of works whose cost is at least 40% of the ABC shall be considered a Major Category of Works. In case no category of works is at least 40% of the ABC, the category with the highest percentage cost of the ABC shall be considered as the only Major Category of Work. If there are more than one category with the highest percentage cost less than 40% of ABC (say both 39% of the ABC), both categories shall be considered "Major Categories of Work".
  - b. To be eligible to bid for the contract, a bidder/contractor must have done a Single Largest Completed Contract (SLCC) complying with the following work experience requirements:
    - (1) The contractor must have undertaken a SLCC similar to the contract to be bid. To be so considered similar, the SLCC must contain categories of work which are the same as or similar to the Major Categories of Works of the contract to be bid.
    - (2) The total cost of the SLCC must be at least 50% of the total ABC to be bid.

**ANNEX C** shows an illustrative example in the determination of Major Categories of Works and in checking the work experience eligibility for a contract involving multiple categories of works.

**D. PROCEDURE IN THE DETERMINATION OF MAJOR AND SIMILAR WORK CATEGORIES AND IN THE ELIGIBILITY CHECK USING THE CIVIL WORKS APPLICATION**

1. Section 30.1 of the 2016 Implementing Rules and Regulations of the Republic Act 9184 states, among others, "The BAC shall open the first envelopes (technical envelopes) in public to determine each bidder's compliance with the documents required to be submitted for eligibility and for the technical requirements as prescribed in the said IRR". After opening the first envelope, the BAC shall simultaneously conduct the electronic eligibility check and preliminary examination of the Technical components of the bids.
2. For electronic eligibility check of a specific contract to be bid, the BAC with the assistance of the Technical Working Group, through the CWA, shall encode the Contract Profile (Form DPWH-INFRA 08) submitted by the Implementing Office - i.e., Major Category(ies) of Works, unit of measure, dimensions, and cost estimate per category of the ABC. The estimated cost of each Major Category of Work should include the cost of the minor items related to or proportionately distributed to it. The proportionate distribution shall be based on the weighted percentage of the major items. The corresponding Similar Category(ies) of Work for each Major Category of Work shall be automatically selected by the CWA based on **ANNEX A**.
3. In case a bidder is already enrolled in the CWA and submits, together with its technical bid, the updated documents – i.e., Class "A" and Class "B" documents, the BAC shall immediately forward copies of Class "A" and Class "B" documents (stamped Certified True Copy by the BAC Secretariat of the procuring entity), for updating to the Procurement Service to encode into the CWA the appropriate data and information – e.g., PCAB License, SLCC, Net Financial Contracting Capacity (NFCC), etc. - from the submitted Eligibility Documents. Without interrupting the bidding process, the BAC shall manually evaluate bidder's eligibility as to their submitted Class "A" and Class "B" Documents. If found passed in the preliminary examination and eligibility evaluation, the BAC shall proceed with the opening of the bidder's 2<sup>nd</sup> Envelope. Consequently, the BAC shall conduct the electronic eligibility processing of the previously enrolled bidders in the CWA. The BAC shall also declare that upon approval of the application of registration and unlocking of subject contract ID in the CWA, the bidder will be subjected to electronic eligibility processing. Result of latest electronic eligibility processing shall prevail over the manual eligibility evaluation.
4. In case a bidder is not previously enrolled in the CWA and submits its Eligibility Documents – i.e., Class "A" and Class "B" Documents - as part of its bid, the BAC shall do the same process indicated in the above Item 3.
5. In both cases (Items D-3 and D-4), the CWA program will then electronically process and compare (a) the bidder's work experience eligibility data in the CWA – i.e., the value of the bidder's SLCC for Major and Similar Categories of Works – against (b) the eligibility requirements for the contract derived from the Contract Profile earlier entered into the CWA – using the criteria in Item C above. The computer program will automatically determine if the bidder meets the work experience eligibility requirements.

6. The CWA will show the validity date of the legal documents and its corresponding registration/certificate numbers. As to financial aspects, the CWA will automatically compute the Net Financial Contracting Capacity of a bidder.
7. The Lowest Calculated Bid shall undergo post-qualification in order to determine whether the bidder concerned complies with and is responsive to all the requirements and conditions as specified in the Bidding Documents. During the post-qualification, the BAC shall verify, validate, and ascertain all statements made and documents submitted by the bidder with the Lowest Calculated Bid, using non-discretionary criteria, as stated in the Bidding Documents.
8. The category of work used during the Eligibility Check shall be the same category when the project is completed, accepted and included in the database under the contractor's list of completed projects. This category shall be reflected in the Contractor's Information (CI) which is attached to the Contractor's Registration Certificate (CRC).

#### **E. DETERMINATION OF A QUALIFIER**

As defined in item C.2.a above, each category of works whose cost is at least 40% of the ABC shall be considered a Major Category of Works. However, for Categories of Work costing less than 40% but not less than 30% of the ABC, the Procuring Entity shall specify in the Bidding document, specifically in the Eligibility Data Sheet (EDS), a Qualifier for the contract to be bid

The Procuring Entity shall also specify a Qualifier for the Contract to be bid, if the Contract to be bid contains items requiring **Special Technology** or **Large Volume of Works**.

#### **F. MODIFICATION OF MAJOR AND SIMILAR CATEGORIES OF WORK**

The Committee on the Evaluation on Major Work Categories in the Civil Works Application, under D.O. 120 series of 2015, is hereby authorized to modify any item in the Table of Major Work and Similar Categories of Work in Annex A of this Department Order, as well as other related Annexes therein, as necessary to suit changes in construction industry practices.

6. The CWA will show the validity date of the legal documents and its corresponding registration/certificate numbers. As to financial aspects, the CWA will automatically compute the Net Financial Contracting Capacity of a bidder.
7. The Lowest Calculated Bid shall undergo post-qualification in order to determine whether the bidder concerned complies with and is responsive to all the requirements and conditions as specified in the Bidding Documents. During the post-qualification, the BAC shall verify, validate, and ascertain all statements made and documents submitted by the bidder with the Lowest Calculated Bid, using non-discretionary criteria, as stated in the Bidding Documents.
8. The category of work used during the Eligibility Check shall be the same category when the project is completed, accepted and included in the database under the contractor's list of completed projects. This category shall be reflected in the Contractor's Information (CI) which is attached to the Contractor's Registration Certificate (CRC).

#### **E. DETERMINATION OF A QUALIFIER**

As defined in item C.2.a above, each category of works whose cost is at least 40% of the ABC shall be considered a Major Category of Works. However, for Categories of Work costing less than 40% but not less than 30% of the ABC, the Procuring Entity shall specify in the Bidding document, specifically in the Eligibility Data Sheet (EDS), a Qualifier for the contract to be bid

The Procuring Entity shall also specify a Qualifier for the Contract to be bid, if the Contract to be bid contains items requiring **Special Technology** or **Large Volume of Works**.

#### **F. MODIFICATION OF MAJOR AND SIMILAR CATEGORIES OF WORK**

The Committee on the Evaluation on Major Work Categories in the Civil Works Application, under D.O. 120 series of 2015, is hereby authorized to modify any item in the Table of Major Work and Similar Categories of Work in Annex A of this Department Order, as well as other related Annexes therein, as necessary to suit changes in construction industry practices.

#### **G. EFFECTIVITY**

This Order supersedes Department Orders No. 139 and 173, series of 2016, and Department Order No. 14, series 2017 and shall take effect fifteen (15) calendar days after publication thereof in a newspaper of general circulation.

**SUBJECT : REVISED GUIDELINES ON THE  
ACCREDITATION OF CONTRACTORS'/  
CONSULTANTS' MATERIALS ENGINEERS**

To ensure that only qualified and competent materials engineers will be assigned by contractors and consultants to DPWH projects despite the significant increase in the number of projects to be implemented by the Department, these Revised Guidelines on the Accreditation of Contractors'/Consultants' Materials Engineers are hereby prescribed.

#### 1.0 CRITERIA FOR ACCREDITATION

The following criteria shall be applied in the evaluation for accreditation of Contractors'/Consultants' Materials Engineers:

##### 1.1 Minimum Requirement

As a minimum requirement for accreditation of materials engineers, the applicant must be a registered and licensed Civil Engineer. This minimum requirement may be extended to foreign applicants.

##### 1.2 Written Examination

A written examination shall be administered to all the applicants. The raw score obtained in the examination shall be converted to percentage (100% maximum) to obtain the total score for accreditation.

##### 1.3 Practical Examination

Practical examination shall be administered to an accredited Materials Engineer I applying for upgrading to Materials Engineer II. It shall be conducted at the Bureau of Research and Standards (BRS) Office in Quezon City or at a selected/identified DPWH Regional Office.

1.4 DPWH Engineers and other government engineers are prohibited from taking the examination for the accreditation of Contractors'/Consultants Materials Engineers to prevent private entities from engaging the services of the former while still employed by the government.

1.5 Accredited DPWH Materials Engineers who retired or decided to leave DPWH may be considered as Contractors'/Consultants' Materials Engineers corresponding to their rank upon request.

- 1.6 Other government engineers who were previously accredited as Contractors'/Consultants' Materials Engineers but whose accreditations were revoked per Department Order No. 60, Series of 2003 may be reinstated as Contractors'/Consultants' Materials Engineers corresponding to their rank after separation from the government service upon their request, subject to the approval of the Secretary upon recommendation of the Accreditation Committee.

## 2.0 PROCEDURE FOR ACCREDITATION

### 2.1 Accreditation Requirements

Upon application for accreditation, the following must be submitted to the Accreditation Committee, thru the Chief of the Quality Assurance and Hydrology Division of any DPWH Regional Office.

- a. Duly accomplished application form that can be downloaded through DPWH Website ([www.dpwhnet.gov.ph](http://www.dpwhnet.gov.ph)) or can be secured from any DPWH Regional Office.
- b. Photo copy of Professional Regulation Commission (PRC) identification card.
- c. Two (2) passport size (2" x 2") photographs, one of which should be pasted in the application form.

### 2.2 Accreditation Examination

- a. An accreditation examination shall be administered to all qualified applicants. Two (2) examinations per year to be held on the second Saturday of March and September will be given simultaneously in Manila, Cebu City and Davao City.
- b. Applicants who applied but failed to take the examination three (3) times without valid explanation shall be barred perpetually from taking the examination.

### 2.3 Issuance of Certificate of Accreditation

- a. A Certificate of Accreditation and an Accreditation I.D. will be issued to all applicants who meet the accreditation criteria.
- b. The Certificate of Accreditation, unless revoked or suspended for cause, shall be valid for three (3) years from the date it was issued, and shall be renewed thereafter.

## 3.0 RENEWAL AND UPGRADING OF ACCREDITATION

- 3.1 Renewal of certificate of accreditation of materials engineers **working abroad** is not allowed. Likewise, materials engineers working in the Philippines should file their application for renewal of their accreditation certificate **personally** by presenting their valid original Professional Regulation Commission (PRC) identification card.
- 3.2 Request for upgrading of classification, renewal of accreditation certificate and reinstatement of accreditation must be addressed to the Chairman, Accreditation Committee for DPWH and Contractors'/Consultants' Materials Engineers, Attention: The Director IV, BRS, EDSA, Dilliman, Quezon City. The Committee which was created to accredit DPWH and Contractors'/Consultants' Materials Engineers shall carry out the evaluation for accreditation and recommend the issuance of certificates of accreditation for approval of the Secretary.

#### **4.0 CLASSIFICATION OF CONTRACTORS'/CONSULTANTS' MATERIALS ENGINEERS**

- 4.1 Materials Engineers shall be classified according to the results of Written and Practical Examinations.
- 4.1.1 Written Examination
- Applicants who got a score of 60% and above are automatically accredited as Materials Engineer I.
- 4.1.2 Practical Examinations  
(For upgrading from Materials Engineer I to Materials II only)
- a. Laboratory
- The applicants will be required to demonstrate the actual sampling and testing procedures of construction materials in accordance with the existing standards to determine their testing capability.
- b. Field
- The applicants will be required to demonstrate the actual implementation of quality control supervision and decision making in the project.
- 4.2 Accredited Materials Engineer I may be upgraded to Materials Engineer II by undergoing only a Practical Examination and not a written examination. Applicants must obtain a total score of at least 75% in the Practical Examination to qualify as Materials Engineer II.
- 4.3 Accredited Materials Engineer I who applied for upgrading but failed to be upgraded to Materials Engineer II after two (2) successive attempts is barred from taking the Practical Examination for one (1) year and should take a refresher course related to Materials Quality Control.
- 4.4 An accredited Contractors'/Consultants' Materials Engineer who enters the government service and wishes to be accredited as DPWH Materials Engineer may apply for accreditation. His/her score in the written examination will be considered and he/she must undergo the practical examination. However, in the case of upgraded Materials Engineer II who have undergone practical examination, he/she will be automatically conferred the same rank.
- 4.5 DPWH engineers who took the DPWH Materials Engineers examination and got a score of 60% and above but are separated from government service can be accredited as Contractors'/Consultants' Materials Engineers I, without undergoing practical examination for Contractors'/Consultants' Materials Engineers.

#### **5.0 CRITERIA FOR THE ASSIGNMENT OF CONTRACTORS'/CONSULTANTS' MATERIALS ENGINEERS**

Accredited materials engineers may be assigned to DPWH projects, subject to the following limits of assignment:

<u>Classification</u>	<u>Limits of Assignment</u>
a. Materials Engineer I	<ul style="list-style-type: none"><li>- One (1) project costing not more than ₱150M, or</li><li>- Two (2) projects, with an aggregate cost of not more than ₱250M, or</li><li>- Three (3) projects, with an aggregate cost of not more than ₱200M.</li></ul>
b. Materials Engineer II	<ul style="list-style-type: none"><li>- One (1) project, no cost limit, or</li><li>- Two (2) projects, with an aggregate cost of not more than ₱300M, or</li><li>- Three (3) projects, with an aggregate cost of not more than ₱250M.</li></ul>

Non-accredited materials engineers may be assigned to three (3) projects, with an aggregate cost of ₱15.0M or below.

This Order shall take effect immediately and supersedes the following issuances:

1. Department Order No. 184, Series of 1999
2. Department Order No. 60, Series of 2003

<p>In line with the Department's commitment to its Quality Objective of providing quality, safe, and environment-friendly public infrastructure facilities aimed at improving the life of every Filipino, this Department Order is issued to ensure the utmost effectiveness and efficiency in public service, grounded in the endeavor to implement projects that adhere to international standards, determined through transparent and competitive bidding, delivered on schedule by competent and committed civil works contractors.</p> <p>Recognizing the critical role of ISO 9001:2015 certification in achieving these objectives, the Department shall now mandate this Certification as part of the "project requirements" for contractors involved in the procurement of infrastructure projects. Notably, the Department required ISO 9000 Certification starting 2007 for Large "B" Contractors and in 2010 for "Large A", Medium "B", and Medium "A" Contractors through D.O. 31, series of 2007, and D.O. 49, series of 2010, respectively, which was later deferred for Large "A", Medium "B", and Medium "A" Contractors through D.O. 4, series of 2013 to provide said contractors sufficient time to obtain certification, reinforces the Department's commitment to continual improvement and adherence to all requirements.</p> <p>Given the evolving challenges of modern construction and infrastructure development, it is imperative for the Department's contractors to swiftly adapt. Employing ISO 9001:2015 certified contractors is essential for maintaining confidence and trust in the quality and timeliness of the projects delivered by the Department.</p> <p>Accordingly, all procuring entities within the Department are required to include ISO 9001:2015 certification, or its latest version as applicable, as part of the project requirements in the bidding documents for infrastructure projects. This requirement applies to bidders classified under the following Philippine Contractors Accreditation Board (PCAB) size range and are participating in the Department's procurement of infrastructure projects with Approved Budget for the Contract (ABC) range, to wit:</p>

To promote competition and ensure a level playing field, in compliance with Administrative Order No. 44, series of 2021, which directs all National Government Agencies (NGAs) to adopt and implement the National Competition Policy, the ISO 9001:2015 Certification requirement shall become mandatory starting from Calendar Year (CY) 2025. This timeline allows non-ISO 9001:2015 certified contractors ample time to prepare for the certification process, reflecting the Department's commitment to pursue compliance, improvement, and timely delivery of projects while adhering to established international standards that significantly contribute to the welfare of every Filipino.

As for Large "B" contractors, ISO 9001:2015 Certification or its latest version shall continue to be required when participating in the bidding of infrastructure projects costing P300 Million and above as clarified through D.O. 01, series of 2011 until revoked or superseded.

Failure of the concerned DPWH personnel to implement the provisions of this Order shall, after due process, make them liable to penalties prescribed for violation of reasonable office rules and regulations in Rule 10, Administrative Offenses and Penalties of the 2017 Revised Rules on Administrative Cases in the Civil Service (RACCS) dated 03 July 2017.

This Order shall take effect immediately and shall supersede D.O. No. 04, series of 2013, and all other issuances that are inconsistent with this Order.
