This refers to the memorandum dated 19 April 2017 of **DPWH NCR Director MELVIN B. NAVARRO**, endorsing the request of Metro Manila 1st District Engineering Office **District Engineer Roberto S. Nicolas**, for the modification of the project stated hereunder:

| | | | <u>Allocation:</u> <u>P20M</u> | <u>Estimated Cost:</u> <u>P20M</u> |
| Justification: <ul style="list-style-type: none">Modification of project title to "Rehabilitation of Concepcion Creek Drainage Outfall including Laterals, Brgy. Concepcion Uno, Marikina City" to avert flooding within the low-lying San Isidro Compound and Bayan-bayanan communities caused by the influx of flood water coming from the Upper Marikina and Antipolo City thru the newly rehabilitated Park Creek;It was observed that during the recent occurrence of heavy rains that flood water was holding-up when it approaches the very narrow San Isidro Compound section of Park Creek. The rehabilitation of the existing drainage outfalls of Bayan-bayanan Avenue will direct this flood water to the adjacent tributary of Concepcion Creek as being proposed in this project. | | | | |

Based on our evaluation, the submitted request for modification of the said project is in order; hence, approval hereof is recommended to the Secretary.
