Total:		P 22,500,000.00	Total:		P 22,500,000.00
Justification: <ul style="list-style-type: none">• The original limit does not need slope protection since it was funded under FY 2023 Quick Response Fund; hence it was transferred to the road sections where immediate slope protection structure is necessary. (please see attached Annex 1-5, geotagged photos & straight line diagram)• The decrease in the unit cost/ increase in the physical target from 1,240.64 sq.m to 2,567.26 sq.m is due to change in scope of work from the original reinforced concrete revetment with steel sheet piles to rubble concrete as per site requirement of the new station limits.• The derived unit cost is based on validated and approved Detailed Unit Price Analysis (DUPA) and Program of Work (POW).
