Justifications provided by the requesting Implementing Office:

1. To change/rectify the section ID 'S00022LT' and station limits 'K0909 + (-172)' for the Daang Maharlika (LT) to 'S00002LT' and 'K0902 + 135', respectively, to indicate the correct section ID and limits for the improvement of the intersection (see Location Map and RoCond Certification).
2. Based on the plan and actual site condition, the said intersection requires installation of traffic signals for the safety of road users especially those who often use or have access on the intersection. The unit cost for CW1 - Road Safety: Traffic Signals is ₱9,650,000 per number of traffic signal. The installation of traffic signals in the intersection ensures an orderly flow of traffic, provide an opportunity for pedestrians or vehicles to cross and help reduce the number of conflicts between vehicles entering the intersection.
