Justifications provided by the requesting Implementing Office:

- To correct/rectify the typographical error in the project description, from 'San Roque-Milagrosa' to 'San Roque-Milagroso', since there is no such Barangay 'Milagrosa' in the Municipality of Sogod, Southern Leyte, and that Barangay 'Milagroso' is the correct, official and recognized barangay in the Municipality of Sogod. Attached is the Certificate issued by the Barangay Captain of Milagroso, Sogod, Southern Leyte, specifying therein the non-existence of 'Milagrosa' within the jurisdiction, and the proper name of barangay which is 'Milagroso'.
- Based on actual site condition and as reflected on the plan, the project involves the Construction of Concrete Road (CW1) with a physical target of 1.15 lane km which includes voluminous earthworks, slope protection (stone masonry), 910mm Dia. Class II Reinforced Concrete Pipe Culvert (RCPC), and other design inclusions necessary for the project, thereby attaining the unit cost of ₱ 11,294,469.9873/ Lane Km. Also, Construction of Drainage Structure along Road (CW2) is identified as a new work component with a physical target of 1,021.00 Lineal Meters, since it markedly contributes in the overall project implementation, exceeding 10% of the project cost. This involves the provision of reinforced concrete rectangular lined canal that serves as a waterway to prevent the accumulation of water in the area which can damage or shorten the lifespan of the road. Hence, the unit cost of ₱ 6,671.2630/ Lineal Meter is attained.
- Attached are the following supporting documents: Form for Evaluation of Modification Request, BP 202, Certificate of Availability of Funds, Approved Program of Works, Plan, Geotagged Photos, Certificate of Reasonableness of Cost Estimate, GIS Map, Detailed Engineering Design Plan and Certification issued by the Brgy. Captain of Milagroso, Sogod, Southern Leyte.
