REC'D. APR. 17, 1989

4:30 - P.M.

4/17

April 11, 1989

Department Order  
No. **40**  
Series of 1989 **4/17**

Subject: Creation of a Technical Committee  
to study and rationalize the use  
of Anapog in Road Base in Bohol

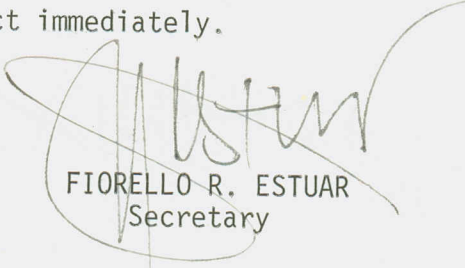

A Technical Committee is hereby created to conduct a study regarding the use of Anapog for road materials in Bohol, to be composed of the following:

The Director, Bureau of Research & Standards - - -Chairman  
The Director, Bureau of Design - - - - -Member  
The Director, Bureau of Maintenance - - - - -Member  
The Director, Bureau of Construction - - - - -Member

The committee shall determine the actual properties of Anapog as a blending material for road base and establish the appropriate grading requirement on its use in construction, improvement and maintenance projects in Bohol. Special emphasis should be made on the possible negative effects of such anapog blended road base materials on the stability and longevity of the road pavement.

The committee shall submit a report of its findings and recommendations within two months from the date hereof.

This order shall take effect immediately.

  
FIORELLO R. ESTUAR  
Secretary
