Republic of the Philippines  
Department of Public Highways  
OFFICE OF THE SECRETARY  
M a n i l a

August 14, 1975

DEPARTMENT ORDER NO. 57  
Series of 1975

SUBJECT: Submission of cash line  
for prequalification to  
bid for the construction  
of DPH projects.

The construction of roads and bridges has attained increasing significance and has entailed the need to seek foreign loans for financing the implementation of public highway projects.

In line with the need to insure the completion of any DPH project by attracting only bonafide contractors to participate in the public bidding conducted by the public highways department, it is **ordered** that, henceforth, prospective bidders shall be required to submit cash lines in the form of managers checks or cashiers checks from a reputable bank, as a requisite for prequalification, EQUIVALENT TO 5% OF THE ESTIMATED COST OF PROJECT.

Further, any advertisement for the public bidding for any project of the Department of Public Highways shall prescribe, aside from the credit lines already prescribed, the cash lines specified herein.

Any provision of any department order to the contrary is hereby superseded.

  
BALTAZAR AQUINO  
Secretary
