28 May 1992

DEPARTMENT ORDER)

NO. **57** *72*

Series of 1992. *6/1*

SUBJECT: Testing and Acceptance of Cement

In order to facilitate the acceptance of cement to be used in the implementation of various DPWH projects, henceforth, the compressive strength of mortar samples tested at 3 days and 7 days can be considered for acceptance, provided that the strength of the samples at 7 days is not less than 23.46 MPa which is 85% of the compressive strength requirement for 28 days (27.6 MPa), when tested in accordance with ASTM C 150.

This Order shall take effect immediately.
