**(President's Bridge Program)**

It is a government policy that procurement of civil works, goods, supplies, materials and related products, and consulting services shall be competitive and transparent. Therefore, procurement shall go through a public bidding. However, under the President's Bridge Program, the Pakyaw Contract and the Materials Shopping are allowed to be undertaken by the SPMO, with a certain limit in authority, provided that a splitting of contract will not be done in order to meet the maximum amount and to evade public bidding.

The DPWH is committed to good governance and strongly adheres to the principles of transparency, accountability, equity, efficiency and economy, particularly in applying the IRR of E.O. No. 40, Series of 2001, which took effect on 26 February 2002.

This Department Order is issued on the condition of submitting the necessary documents to the PBP Office prior to fund release. Ergo, the SPMO is mandated to comply with the two (2) attached Checklists:

- a. Supply Contract Checklist
- b. Pakyaw Contract Checklist

This order shall take effect immediately.
