DEPARTMENT ORDER)

202)

NO.)
Series of 2016)

SUBJECT: Conduct of Feasibility Studies, Master Plans and Project Proposals/ Packaging of Potential High Impact Projects by the Unified Project Management Office (UPMO)

In line with the Department's decentralization efforts to streamline procedures for a more effective and expeditious implementation of urgent high impact national roads, bridges and various flood control projects, the Office of the Undersecretary for Unified Project Management Office (UPMO) Operations thru the UPMO Clusters shall undertake the implementation of Feasibility Studies and Master Plans and the Project Proposals/Packaging for possible financing under Overseas Development Assistance (ODA), given its familiarity of various locations nationwide and knowledge in developing strategic plans that identifies needs, goals, and priorities regarding infrastructure initiatives implemented thru foreign financing by this Department.

The identification of these potential projects, such as but not limited to flood control, opening of new road alignments that will connect various communities towards the centre of development, connectivity of major road networks through construction of new roads and long-span bridges, inter-provincial and inter-regional linkages and seamless connectivity of various road networks, will greatly enhance the socio-economic development of the influenced areas traversed by these roads and bridges thus generate investments that will help sustain economic growth. The outcomes of these projects seek to alleviate poverty through providing infrastructure facilities to help improve productivity and market access, and quality of life.

The UPMO shall submit to Planning Service the feasible projects for subsequent inclusion in the medium-term infrastructure program for fund appropriations. The UPMO shall submit the proposed projects for the NEDA and DOF Evaluation. The detailed engineering design shall be undertaken in preparation for actual implementation under the annual infrastructure programs.

The funds to be utilized for the conduct of the above activities shall be charged against the allocation for feasibility studies, master plans, project proposals and/or ongoing consultancy projects as provided in the GAA. Further, a Team, comprising of personnel of various disciplines from each UPMO Cluster, shall be formed to oversee the conduct of these activities.

This Order shall take effect immediately.

MARK A. VILLAR
