In order to ensure that only qualified and competent project engineers will be assigned by the contractors and consultants in DPWH projects, the guidelines on the accreditation of Contractors’ and Consultants’ Project Engineers are hereby prescribed.

Based on the study conducted wherein applicants who passed the accreditation examinations in CY 2019 and the average number of projects implemented by the Department in CY 2016-2020, there was a need to revise the limits of assignment for Region-and District-implemented projects. Moreover, after several dialogues with and requests from the affected stakeholders, it was also provided in the amended guidelines to include examination venues in Cebu and Davao to make the accreditation examinations more accessible and economical for applicants coming from the Visayas and Mindanao regions.

This order takes effect immediately.
