## **DI Professional Live Streaming Camera**

### *All-in-one Live Video Production Solution*

FEELWORLD NDI20X is a full HD PTZ camera with 20x optical zoom, simultaneous NDI/IP, 3G-SDI, HDMI video output interfaces. Supports PoE, which allows you easily transmit all the informations and power for device only by one cable. It is ideal for video conferencing, education, live broadcasting, broadcasting and churches.

## **Multiple Video Output**

### *Stream to Your Favorite Platforms*

Simultaneous HDMI, 3G-SDI, and IP/NDI video output and multiple network Protocol allow NDI20X to easily live streaming to your favorite platforms, such as YouTube, Facebook, Twitch, etc.

*Note:* The 3G-SDI is available for 100m transmission at 1080p60 format.

## **NDI | HX Live Video Production Support Protocol**

NDI20X comes with NDI interface transmission protocol, with low-latency video and audio transmission, and reduces wiring costs and deployment time, satisfies the needs of studios and on-site multi-camera video production.

## **PoE Support**

### *No more pesky wires*

The PTZ camera supports PoE (Power over Ethernet), just one cable can be used for power, video/audio streaming and control.

## **1080P@60 HD Image Quality + 20X Optical Zoom**

### *Realize a Life-like Video Experience*

The high resolution 1080P@60fps, outstanding color reproduction, 20X zoom delivers premium optics and life-like video to create the experience of sitting together in the same room, even if you are a thousand miles away.

## **Low Light Correction**

The low-light performance technology can automatically adjust the brightness level. Every moment can be seen clearly even in dark or back light condition. Outstanding performance and video quality make live recording extremely convenient.

## **H.264&H.265 Encoding, More Smooth and Clear Video motion**

IP live streaming supports H.264&H.265 video compression, which makes motion video more fluent and clear under low bandwidth conditions.

## **Auto Focus, Smart Frame Capture Everyone**

Take close-ups on characters, details, and there is no need to worry about blurring your image when you're speaking choice.

## **Accurate, Smooth and Silent PTZ Movement**

### *Capture every person in the room with multi-angle*

Built-in two-way high speed and silent pan/tilt, the lens can rotate 340° horizontally ( $\pm 170^\circ$ ) and 120° vertically ( $-30^\circ \sim +90^\circ$ ).

### **Low Noise and High SNR**

Super high SNR image is achieved with low noise CMOS. Advanced 2D/3D noise reduction technology further reduces the noise while ensuring high image clarity.

### **Up to 255 Preset Positions**

*The secret to more productive meetings*

10 preset positions by IR remote controller, that can save pan, tilt, and zoom settings, and smoothly transitions between them at the touch of a button. Up to 255 preset positions via WEBSEVER.

### **Multi Ways to Control Your Camera**

*Operate Nearby or Far Away*

You can Pan, tilt, and zoom with the hand-held remote to see everything in your workspace. You can also operate it from a remote location with WBESREVER software or FEELWORLD L2 PLUS video switcher.

### **Multiple Mounting Options**

NDI20X can be installed on any wall/ceiling/tripod to capture close-up shots for your every Live Video Production.

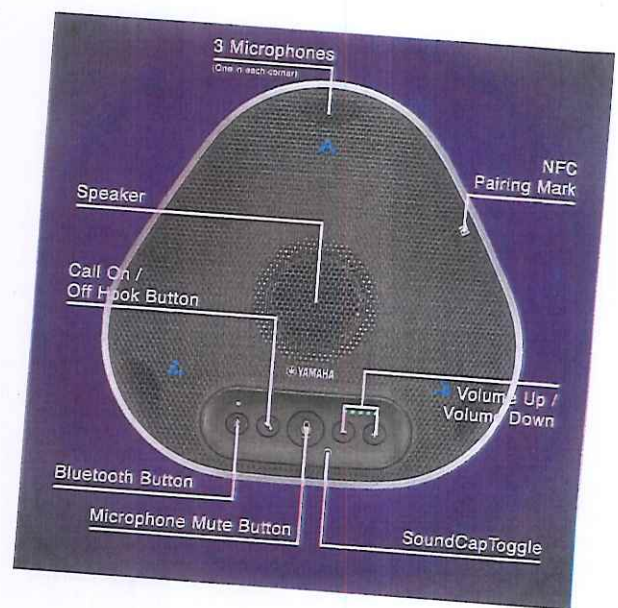

*Note:* Bracket not included

### **Multiple Application**

NDI20X is widely use for church streaming, video conference, sports events, online education, ect.

- 20X optical zoom professional full HD camera , suitable for larger occasion
- Up to 1080p@60fps, higher quality image
- Simultaneous 3G-SDI, HDMI, NDI/IP Streaming video out, easily for professional video production
- PoE(Power over Ethernet) supported
- Double track 3.5mm linear input for audio
- Auto focus, smart frame capture everyone
- Supports H.265/H.264 encoding which makes motion video fluent and clear even with less than ideal bandwidth conditions.
- Advanced 2D/3D noise reduction technology further reduces the noise while ensuring high image clarity
- High speed and silent pan/tilt, capture all the actions
- Multiple control protocol and network protocol
- Low-power sleep function
- Ideal for church live streaming, video confrence, sports events, online education, ect.
- User Manual

# Yamaha YVC-330 USB & Bluetooth Speakerphone - Designed for Versatile Conference Environments

The **Yamaha YVC-330** is an advanced conference speakerphone optimized for small, medium, and open-area workspaces. With **USB, Bluetooth, NFC**, and **3.5mm auxiliary** connectivity, the YVC-330 ensures smooth and effortless communication for all meeting types. Its **SoundCap technology** reduces background noise and enhances voice clarity, making it ideal for open spaces. Certified for **Zoom**, this speakerphone features a **360° voice pickup** via three unidirectional microphones, **adaptive echo-cancellation**, and the ability to **daisy chain two units** for larger spaces.

## Key Features:

- **360° Pickup:** Three unidirectional microphones cover all angles for clear voice capture.
- **SoundCap Technology:** Eliminates background noise and optimizes voice clarity for open-area meetings.
- **Multiple Connectivity Options:** USB, Bluetooth, NFC, and 3.5mm aux for versatile usage.
- **Zoom Certified:** Ensures compatibility with Zoom for seamless video conferencing.
- **Daisy Chain Capability:** Combine two units to cover medium to large rooms.

Buy the **Yamaha YVC-330** today from **Video Conference Gear**, a division of **Cloud Connexions**, and elevate your conference experience with superior audio performance.

## Technical Specifications:

- **Wireless Technology:** Bluetooth 4.2, NFC
- **Connections:** USB Mini 2.0, 3.5mm Aux
- **Microphones:** 3 Unidirectional (360° coverage)
- **Audio Features:** Active Noise Cancellation, SoundCap, Echo Cancellation
- **Speaker Frequency Response:** 190 Hz – 20 kHz
- **Microphone Frequency Response:** 100 Hz – 20 kHz
- **Maximum SPL:** 91 dB @ 1.64 ft
- **System Compatibility:** Windows 7+, macOS 10.12+, Chrome OS
- **Dimensions:** 9.3 x 1.8 x 8.9 inches
- **Weight:** 1.8 lbs (0.82 kg)

Perfect for both open and small spaces, the YVC-330 brings simplicity, clarity, and flexibility to your conference calls.
